

## Welcome to WBT on CD!

Please follow the instructions for obtaining and creating your WBT CD.

1. Obtain a blank CD at the Computer Store sales counter before beginning.
2. Insert the CD, and click "Begin" to start the process.
3. Follow the instructions on the following screens to create your CD.
4. When you have completed the process, you will be prompted to "Create CD."
5. The CD will automatically eject when the process is complete.
6. From there, you may either go on to create another CD or complete the process.
7. To complete the process, remove the CD from the kiosk, and take the CD to the Computer Store sales counter to purchase.

Note: In cases where more than one CD is necessary, you will be prompted to remove the completed CD from the kiosk and insert another blank CD.

This kiosk was designed to provide the convenience of using Web-Based Training courses in an offline setting. WBT on CD is provided as a service of Information Technology Services (ITS) through a collaborative effort between Penn State's Computer Store and ITS Training Services.

This kiosk is for use by Penn State faculty, staff, and students only.

**Begin**

## Choose the type of CD that you would like to create.

**Course** refers to WBT courses that have been assigned for a specific academic course (e.g. COMM 484).

**Custom** refers to your choice of those WBT courses that are available via this kiosk. Click the Custom button to view the list of available courses.

**Course**

**Custom**

**Please select your course from the list below.**

**< Go Back**

## The following WBT courses have been assigned for COMM 484

Click **Add Courses** to simultaneously select all courses. The courses will be added to the list of those you wish to burn onto the CD.

[\*\*< Go Back\*\*](#)

[\*\*Add Courses\*\*](#)

**The following items are ready to be burned onto CD.**

Click **Create CD** to continue, or **Go Back**, if you would like to add or delete courses. **Exit** will take you back to the start page.

**< Go Back**

**Exit**

**Create CD**

**Please insert a blank CD into the CD drive, and click Continue.**

Note: There will be a short pause (approximately 15 seconds) to scan the CD.

**< Go Back**

**Exit**

**Continue >**

## The CD is writable.

Click **Continue** to prepare your CD, or click **Cancel** to return to the start page and begin again.

**Cancel**

**Continue >**

**The CD is not writable.**

Click **Eject** and insert another CD.

**Cancel**

**Eject**

**The system will now build your CD.  
This four-part process should take  
approximately (X) minutes.**

**Progress Bar**

Your CD is complete. Click **Eject** to retrieve your CD,  
then **Continue** to complete the process.

**Eject**

**Continue >**

## Your CD was created successfully.

Click **Finish** to complete the process or **Start Over** to create another CD.

**Start Over**

**Finish**

**Thank you for selecting WBT on CD. Please take your CD to the Computer Store sales counter to complete your purchase.**

**Visit us on the Web at:**
